INVEST IN THE FUTURE OF MOBILE TECHNOLOGY.

A mobile phone became an essential part of our lives few decades ago. Even though initially it was a connection tool, nowadays the amount of functions that is carried out has increased from a few to ten or even more. Due to the increasing of functionality the average time the one spends in his device rose significantly.

In the last years, exactly a sphere of mobile applications has been the most fast-growing in the world. Think over in numbers: since 2008 to 2014 its volume grew from a complete zero to 18 milliards of dollars. By 2017, on the prognosis of analysts, a market volume will be about 43 billions.

WE CAME INTO THIS BUSINESS WITH SERIOUS INTENTIONS AND FOR A LONG TIME

The company "Codys" is a new player at the market for mobile applications. We came into this business with serious intentions and for a long time. Therefore we do not chase instant profit, and we aim to earn a name to ourselves, making a quality product that will satisfy even the most demanding customer.

OUR PRIMARY GOAL:

NOT ONLY TO DEVELOP APPLICATIONS BUT TO MAKE IT AS EASY AS POSSIBLE - SO THAT AFTER LOADING IN THE SMARTPHONE THERE WERE NO DIFFICULTIES IN USE.

MOBILE APPLICATION DEVELOPMENT - STEP INTO THE FUTURE

«Codys» as a separate company, was founded not so long ago, but we already have extensive experience of work for different customers. Acquiring valuable skills, we realized that we are able to make a product that will complete with products of other companies.

Why should we seek the services of the company «Codys», if there are others?
